"Super" Eddie to the rescue!

THE FINAL STEP

Twelve stairs are below us now.
We have climbed them with difficulty,
But have finally reached the top.
For these twelve steps,
Are our past twelve years.
They were filled with hard hours of homework,
And happy hours of ball games.
From forensics to football, we've
Seen and done it all.
We have shared love, friendships,
And years together.
Now we are ready to go out alone.
Ready to face the world,
To place our feet on the last
stair . . . to reach the end,
To be at the top, to be above,
To place our feet on top of the final stair.

Laura Stone

TOGETHER

We played, we worked
We won, and some we lost
All in all, we paid the cost
Together.

We would boo and we would cheer
Just so everyone could hear
Together.

We loved, we hated
We tore down and decorated.
Together.

Through the sun, snow, and rain
We made it through the pain
Together.

We lived, we almost died
We laughed, and then we cried
Said Hello, now say Goodbye —

But, — we did it all
Together.

HOMECOMING . . .

To begin our life section, the *Jacksonian* presents the annual Homecoming celebration. Homecoming was once again observed in the exciting, traditional way of the Generals, with the election of the queen and her court, the days of dressing up in unusual clothes, and the big annual football game.

The queen this year was Cindy Barnhart, who was escorted by Todd Ellwood. The two senior attendants were Debbie Lyles, escorted by Eric Lynch, and Necey Shepherd, escorted by Shawn Garland. Kelli Wright was our junior attendant and she was escorted by Wilfred Wright, her father. And last, but definitely not least, was the sophomore attendant, Sally Shay, escorted by Roger Stewart.

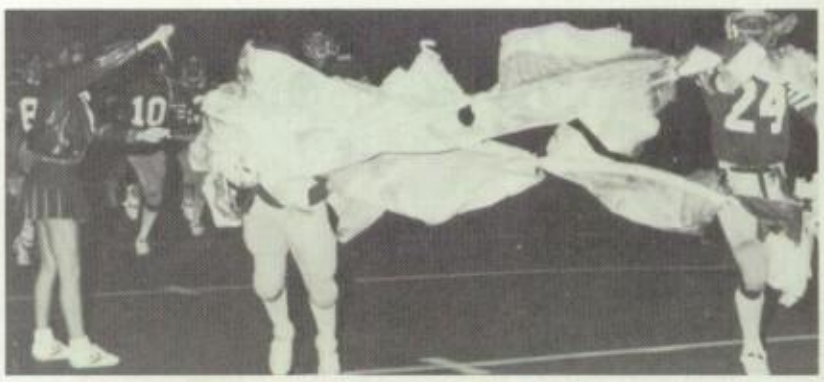
Homecoming Week at S.J. was once again observed in a vibrant, colorful way. The dress up days ranged from putting on your Sunday best and bringing a stuffed friend to school to decking out for the beach when the temperatures were in the 40's. We also added a new twist to the festivities by having Olympics at lunchtime. All in all, Stonewall's Homecoming Week was full of spirit, laughter, and fun.



Here come the mighty Generals — fired up and ready to play football.

LOOK AT US NOW!!

Look what sneaked in from the alley.

Here's Jeanie introducing her new fuzzy friend.

These critters are more studious than some here at Stonewall.

Kelly and the rest of her crew are working on the winning door, Room 206.

E.T. shows us what spirit is all about.

There is a time for some things, a time for great things, and a time for small things.

Miss SJ 82-83

On the day of the great game between the Wall and the High, Miss S. J. and her court were honored. Shortly before the coronation time, the weather began to dampen the festivities, but nevertheless the crowning continued as Miss Mary Jo D'Arco was honored to represent S.J. for the '82-83 school year. Miss D'Arco was escorted by Bobby Halstead. She was crowned by Kelli Lewis, secretary of Student Council. Miss D'Arco's attendants were Miss Cheri Waugh and Miss Lori Lipford. Miss Waugh was escorted by Greg Moore. Miss Lipford was escorted by Greg Birurakis. Also attending Miss D'Arco was Miss Tonia Spradling, escorted by John Moore.

I count my time that I meet thee;
These are my yesterdays, my tomorrows,
My noons and my nights, these are my
Old moons and my new moons.
Slow fly the hours, fast the hours flee
If thou art far from or near to me
If thou art far, the birds tunes are
No tunes.
If thou art near, the wintry days

On October 11-15, the annual S.J. Spirit Week had just that — spirit! This is the week when we dress up and act really silly, trying to outdo our cross-town rivals, Charleston High. Besides dressing up and acting silly, we also had the traditional hall decorating competition and the big "Beat the High" pep assembly. The winners of the hall decorating contest were the seniors, decorating the first floor in a rootin' tootin' cowboy motif. Besides that we had a new twist in the pep assembly with members of our faculty transformed into cheerleaders. We also won the spirit chain competition over Charleston High, but we just couldn't beat them in football. All in all it was a great week at Stonewall.

MRS SJ

On October 21, of 82, before the game between Stonewall and Herbert Hoover, Mrs. Barbara Gastineau, the mother of Jack and Dick, was honored as Mrs. S.J. for 1982-1983. After announcing her as the winner at the pep assembly at school that day, she came up and said a few words of appreciation to the S.J. student body and faculty. That night at the game she was escorted by her son Ted and was given flowers by Cheri Waugh, Student Council president. Then, with a special sideline seat, Mrs. Gastineau watched as the Generals, including her sons, went on to victory over the Herbert Hoover Huskies.

SJ'S 10 Most Wanted

Last fall, the *Jacksonian* staff got curious as to who the most wanted people were in Stonewall. So, we took a poll during Spirit Week to let the student body decide who had these honors. After explaining what these students were wanted for, (such as looks, personality, and other unmentionable things), the students voted; and here are the results!

a. The ten most wanted girls and guys in S.J.
b. Senior girl Cindy Barnhart and senior boy Steve Miller.
c. Also seniors — Tina Collier and Harry Moore.
d. Two more of our seniors — Jane Ann Ehman and Dick Gastineau.
e. And our last seniors — Debbie Lyles and Rod Board.
f. Starting off the juniors are Grace Scaggs and Jack Gastineau.
g. Our next juniors are Scott Ianham and Lisa Francisco.
h. The last juniors are Zoe Kirkpatrick and Sean Richardson.

ACADEMICS

There is no teaching until the pupil is brought into the same state or principle in which you are; a transfusion takes place; he is you and you are he; then is a teaching, and by no unfriendly chance or bad company can he ever quite lose the benefit.

JAMES DILLINGER, PRINCIPAL

Mr. James Dillinger has been principal of Stonewall Jackson for 13 years. In that time, he has become many things to the students of Stonewall Jackson: a leader, a father-figure, and a friend. He is a leader when the students have needed guidance; a father-figure by providing the praise and punishments we so richly deserve; and a friend when we have needed someone to help us with problems — no matter how minor or major they may be.

Regardless of how he feels, he is in close contact with all aspects of Stonewall Jackson, whether he is in or out of school. Mr. Dillinger has constantly proven to be our strongest supporter when it comes to **anything** that concerns the running, reputation, or safety of Stonewall.

On behalf of the students of Stonewall, we would like to thank Mr. Dillinger for being a principal we can be proud of.

Mr. Garland Barnhart — Vice Principal

Mr. Garland Barnhart has been Stonewall Jackson's Vice Principal for many years, and each year he attempts to do the best job that he can do and this year is no exception. Mr. Barnhart not only guides the students in the right direction when problems arise, he also tries to understand the students and treat them as the young adults they are.

Mr. Barnhart does have his business side where he is dedicated to S.J. as an employee, but he has a personal side as a parent and a concerned adult. Mr. Barnhart can be found at the games cheering right along with the students or even joking with them in his spare time. Being the Vice Principal is only one of the many sides to Mr. Barnhart's character.

Stonewall's Community Education Program headed by Mr. Bill Webb provides residents of the West Side with community requested programs. Classes range from crafts and exercise programs to refresher courses in the business area and the G.E.D. Program.

COUNSELORS KEEP BUSY

The counselors here at Stonewall are a big part of the student's academic life. There are many jobs — big and small — that the counselors advise the students on. Bertha Cline, the senior and junior counselor, assists seniors in making decisions involving their college and career plans. Jim Scherr, the junior and sophomore counselor, helps the sophomores make the difficult transition from junior high to high school. Both counselors work with the juniors to help them make the best schedule choices for their senior year.

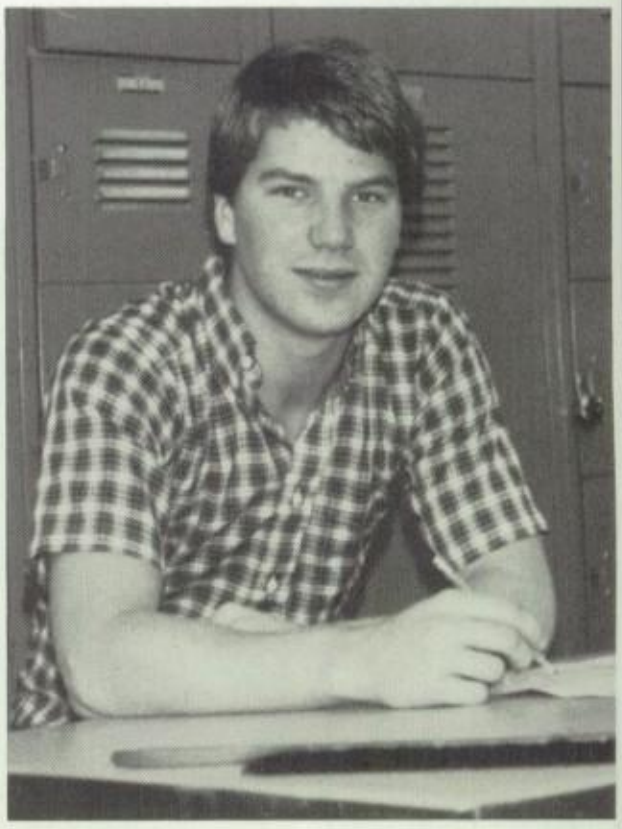
BEN FRANKLIN CAREER CENTER

a.



b.

Ben Franklin Vocational Career Center gives students a chance to learn a specific skill needed for a career in addition to the classes offered at Stonewall. Among some of the 2-year courses available are: Commercial art, nursing, drafting, computer programming, printing, and a variety of mechanical classes.

Ben Franklin students attend the career center in the morning. They return to Stonewall for the afternoon classes. This enables them to get the required courses and any electives they may choose to pursue. It also enables them to participate in many extra curricular activities at S.J.

Every summer, Rhodedendron Girls' State and West Virginia Boys' State are held at Jackson's Mill. Students attending the camps who represented S.J. were selected on the basis of scholarship and leadership. While at Jackson's Mill, the students attended lectures given by guest speakers to learn more about our national and state government.

This year, Mrs. Kight selected three young ladies to be members of the French Honor Society. They were chosen based upon their grade average and interest in the French language.

Workshops and Conventions

Every year, members of the Student Council and Yearbook Staff have the opportunity to attend workshops dealing with subjects of particular interest to them.

Those attending the Student Council workshop were taught different concepts of student government, special activities and daily functions.

Members of the *Jacksonian* staff attended a workshop at South Charleston High School where a better understanding of producing a yearbook was presented to them.

Three S.J. students attended the Student Council Convention held at Jackson's Mill. While there, they attended several workshops and functions honoring old and new officers.

WINNING COMBINATION VERY ELUSIVE THIS YEAR FOR GENS

The 1982-83 Football season started off badly for the Generals. They lost four games in a row: Parkersburg High, Parkersburg South, George Washington, and Dupont.

However, there was hope for the Generals when they won the 5th game of the season by defeating St. Albans 13-7. On homecoming the Generals defeated East Bank 6-0. The Generals had a pleasant win over Nitro by a score of 20-14. Another highlight was when Steve Morgan was named to the ALL KVC first team squad as a tackler.

The 1982-83 Football season for the Generals was nothing but bad luck. The Generals had a losing season with a 3-7 record — the worst in a long time.

It is hard to lose, but to win somebody has to lose. Unfortunately, the Generals were on the losing end of the deal this year.

Fortunately there is hope for next year. The Junior Varsity won the KVC championship this year by defeating George Washington 20-6. With the talent and determination exhibited by these players, the Generals will regain their leading spot in KVC football next year.

GENERALETTE TALENT RECOGNIZED STATEWIDE

One of the most demanding sports is basketball. Whether the player is rushing down court, blocking an opponent's shot, or shooting from the foul line, she must have a keen awareness for her surrounding rivals as well as for herself.

This sport requires good timing, precision, and teamwork. A good basketball team must be able to function smoothly so that during a game they think and act as one. To acquire this unity, the team practices for many weeks. Each player is skilled in shooting, dribbling, passing the ball and guarding a competitor's shot. The end result you have is a team you can be proud of. The team has always struggled for recognition. Well, they finally got it. The Generalettes went into their second year under the new coaching of Mr. Carl Clark. The development of new skills, enthusiasm, and good sportsmanship resulted in tremendous improvement in the team.

Despite a lack of height, the team achieved a winning season. The girls showed a lot of promise for the coming seasons in compiling a 22-2 record. The girls went undefeated in the KVC and won the Regionals. The girls advanced to the Quarterfinals and suffered a disappointing loss to Huntington High 57-51.

Exciting victories during the season were Dunbar, Huntington, St. Albans and Charleston High.

The girl's team consisted of two seniors, five juniors and three sophomores. Leading the Generalettes in scoring was Amber Slater with a 16 pt. average.

SJ Generalettes were represented by four players in the KVC. Tina Desper and Amber Slater made first team. Karen Wilson made second team and Cheri Jones made third team. Individual honors were won by Karen Wilson — Rookie of the Year, and Carl Clark — Coach of the Year. This year the Generalettes had two sophomore sensations — Michelle Brown and Karen Wilson.

Three Generalettes won All-State honors. Tina Desper was named to the first team. Amber Slater was chosen for the second team. Cheri Jones made honorable mention. Congratulations to the entire team for the outstanding team effort.

CROSS COUNTRY

The cross country team got off to a slow start this year due to having only 1 returning runner (Jeff Surface) and only 3 new members for the first 4 weeks. The team entered the first meet of the year without enough runners to be scored as a team. After recruiting by myself, we came up with 4 more runners.

It takes 7 runners for a team in Cross Country. Running is a physical sport which takes years to develop into a winner and the cross country team developed well in just a few weeks' time.

The team finished 4th in the Regional Championships missing 3rd by 1 point. Jeff Surface (Sr.) led the team all year long and was one of the best runners in the region. Jeff was the only runner on the team to qualify and run the state meet. Senior Joe Ferrell was #2 runner for the season. Joe did well for his first and last season. Another person who deserves much credit for the season not being a disaster was senior Paul Evans; Paul came out late and started from scratch. He placed consistently as Stonewall's 3rd man and came on at the regionals with a great performance.

Others who lettered were David Ware, Tim Griffith, Danny Smith, and Rich Cook. Senior Rich Cook trained hard during the summer but got hurt before the first meet and was hampered most of the season.

The Stonewall Jackson Wrestling team is a group of young men dedicated to a sport which requires hard work, long practices, a positive attitude, and an unmeasurable amount of determination. Along with the team captains, Robbie Carpenter and Paul Evans, Coach Mahaney has trained and drilled the wrestlers on everything from the basics of wrestling to the most intricate maneuvers — Maneuvers that have assisted in leading the wrestlers to both team and individual victories.

WINNING WRESTLERS

Wrestling is a sport unlike any other here at Stonewall. It not only requires dedication and loyalty to your team members, it requires determination and respect for yourself, too. Although there is the usual team competition at tournaments, there is also a certain amount of personal desire to excel above your opponent. To be a State Champion is a goal every wrestler dreams of — a dream that may become reality with a little encouragement and a lot of hard work.

SUMMING UP THE SEASON

The 1982-83 edition of the Stonewall Jackson wrestling team is the most successful one of the past several years. This success is due to the balanced line up the Generals were able to put on the mat this year. Thirteen different wrestlers placed in tournaments throughout the season.

The hard work and dedication of the team members was the major reason for any successes the team had. In the KVC Tournament the following wrestlers placed for Stonewall: 1st Robbie Carpenter, PJ Perry, Paul Evans, and Steve Morgan. 2nd David Greeson, Timmy Griffith. 3rd Danny Smith and 4th Claude Walls.

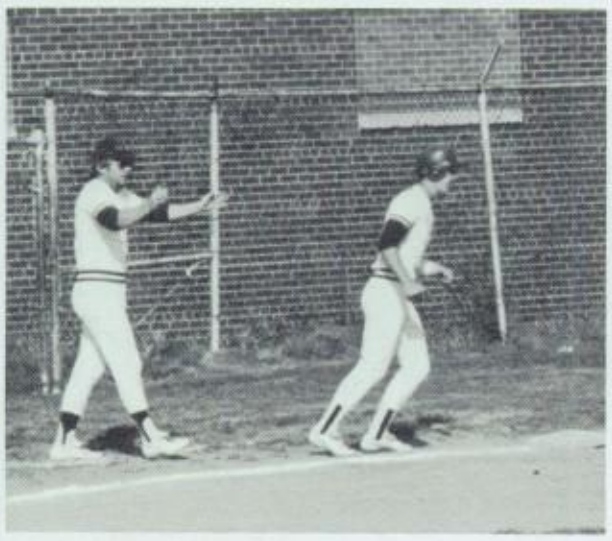
BASEBALL 1983 . . .



The S.J. baseball team, under second-year coach Dave Miller, is in somewhat of a rebuilding year this season. But although "The Wall" did graduate seven seniors last season, six of them starters, all hope is not lost. An outstanding crop of talented young sophomores plus the addition of several upperclassmen who did not play last year, should help get the Generals on the track. Top returners for S.J. include senior captain and three year starter, John Gray, seniors John Moore, Chris Mack, Joe Forbes and Bob Mooney, along with junior Scott Lacey. The Generals' strengths should lie in defense and lightning-quick base speed. As the sophomores gain experience and begin to contribute, the team should solidify into a contender. Look for the Generals to be in the thick of things by season's end.

VOLLEYBALL TEAM HAS SPIRITED

Bump, spike, serve, block, set and willpower are abilities and qualities you have to have to play volleyball.

The bump is a ball played off the forearms, held away from the body. The spike is a forceful drive downward making it difficult for an opponent to return the ball. The serve is a team offensive action which puts the ball in play at the beginning of a game and after every point or sideout. The block is a defensive technique used to stop a spike at the net. The set is set-up to place the ball in the best possible position for an effective spike. The willpower is what each individual has to have to come back each time even though things aren't going right.

a

The Volleyball team members consist of: M. Fisher, D. Fisher, T. Withrow, K. Shinault, K. Taylor, K. Wright, K. Staats, N. Shepherd, J. Coleman, R. Callaway, C. McGlothlin, S. Beasley.

TRACK TEAM LEAPS . . .

A

B

Abundant stamina is a characteristic of track. Many hours of practice to achieve the speed and perfection needed for powerful competition are the backbone of a track program. State and county meets provide them an opportunity to demonstrate their sprinting ability and endurance. To be a track runner, one must be in top physical condition. It takes determination and will power to become a track runner, but the sense of accomplishment from hard work is rewarding.

A. Jeff Surface goes for first place in a race.
B. Rod Board cools off after a hard race.

. . . FOR S.J.

A

Winning is the goal of every member of every sport. But, in track, it takes a lot of physical endurance and will power to overcome one's opponent. Track is also a race against oneself in that the runner is also always trying to improve his own efforts.

A. The team warms up before a race.

Stonewall will finally get a chance to give other schools tennis competition this season. Tennis practice starts in March and matches begin in April. The boys' as well as girls' tennis teams have tried hard to regroup the teams this year and also have coaches to improve their techniques and sportsmanship. The tennis teams have a lot of great individual talent and, together as a team, should triumph over the competitions planned this season.

VIP's

The VIP's of 1982- 3 have had an extremely active and exciting year, under the direction of Mrs. Kathleen Corbett. This year the VIP's sang two smash hits from last year, "What I Did for Love," and "One," along with many other songs which Mrs. Patricia Edwards helped choreograph.

Performances included singing at the Governor's Mansion at the Veteran's Day ceremony and later being honored to perform at the private luncheon held by the Governor's wife. On November 12, senior VIP members were invited to engage in a workshop with Barry Manilow, sponsored by the University of Charleston.

Swing Sing was the highlight performance of the VIP's where they sang "Let the Sunshine In," "Reach Out," and "You Are So Beautiful." Out of eleven schools participating, Stonewall was the *only* one to receive a standing ovation.

Along with the previous mentioned engagements, in December, the VIP's sang Christmas carols during the intermission of the "Nutcracker Suite" and performed at the Rotunda of the State Capital.

This year's VIP theme is "Always and Forever."

SONG AND DANCE

The VIP's, S. J.'s mixed chorus and Herbert Hoover's Sensations had a workshop with John Jacobson. Mr. Jacobson was the choreographer for the Disney Dancers and is well known for doing many workshops across the country.

Songs choreographed for the VIP's by Mr. Jacobson included "Reach Out," "You Are So Beautiful" (using sign language), "He Gave Me Music," and "The Great American Love Song."

VERY IMPORTANT PERFORMERS

On February 19, the SJ VIP's won first place in the WV Show Choir Festival in Buckhannon, WV. They were in competition with 29 choirs from around the state. This accomplishment makes them the top show choir in the state for the next year: definitely an outstanding achievement.

To see the VIP's in concert or just listening to them is a great pleasure. They have earned the title VIP's and continue to rise ever higher to achieve perfection in their show.

S. J. MIXED CHORUS

A

B

C

S. J.'s mixed chorus has been keeping very busy. Although this class is a bit large (due to a change from two chorus classes last year to one this year), cooperation with the director, Mrs. Corbett, is exhibited.

Starting the year with some new faces, Mrs. Corbett taught some of the simpler songs that were to be performed in the annual All-county concert. All-county students are chosen by Mrs. Corbett, then try out for county judges. Try outs are in late January. The chorus also holds a spring concert sometime in May, which involves quite a bit of rehearsal and planning.

B. Row 1: R. Robinson, C. Hudson. Row 2: K. Pierce, B. Phipps, J. Whittington. Row 3: D. Walls, D. Cain, S. Lanham, T. Scott.
C. Officers: C. Mosely — Librarian, R. Utay — Secretary, D. Coles — Vice President, G. Berger — President.

"THANK YOU VERY MUCH!"

Beginning in mid-November, practices were held for "Scrooge" this year's Choral Department Christmas play. Although it got off to a slow start, the end product of "Scrooge" was a delightfully entertaining show. The chorus also went Christmas caroling on December 7, then had a Christmas party at a student's house. A good time was had by all, and the chorus proved that singing is not all work and no play.

A. Renae and Patti return to their childhood.

JACKSONIAN "83"

This year's *Jacksonian* Yearbook Staff has done a great job in putting together memories of this year's events at Stonewall. YEARBOOK UNDER CONSTRUCTION!

The yearbook is divided into sections, each having an individual section head. The section head is responsible for seeing that work is divided among the members of each section. They also decide layouts, design, and what pictures are to be used in each section. Even though the staff is divided into sections, the staff is willing to help in any other section when they need to.

This year the *Jacksonian* staff has had an exceptionally great editor and assistant editor. They also oversee every section and assist them when needed.

D

The yearbook staff, in order to keep the price of the yearbook among one of the lowest in the country, got an early start selling ads during the summer vacation. Other fund raisers included: carnation sales, bake sales, and selling pictures at the end of the school year. The money received through these sales pays for film, the basic contract, plus the extras like more color pages, and a more detailed cover.

A. Oh, what a relief it is!
B. "Peeping" Tom get a camera's eye view.
C. You've got to be kidding.

IT/AV

The members of the media center this year are Greg Moore and Kevin McMillian under the assistance of Mrs. Nancy Reeves. The IT-AV members learn how to operate the various audio visual equipment used by the school. They also help with the setting up of TV equipment and the taping of many programs for the school.

ADVERTISEMENTS

The Yearbook Staff would like to sincerely thank the community businesses and sponsors who gave their support by placing ads in our yearbook. We are especially thankful, knowing the financial hardships that many businesses are facing.

TIME IS . . . TIME WAS . . . TIME IS PAST.

Time is . . .

Time was . . .

Time is past . . .

Time is . . .
What Stonewall is
The classes of '83, '84, '85.
Levis and duck shoes
Izods and Docksiders
Lovers in the shade of the dogwoods in spring
Class rings and *Macbeth*
Saturday night football games
Victors and the *Alma Mater.*

Time was . . .
What Stonewall was
Bon fires and DeSotos
Penny loafers and bobby socks
Leather jackets and poodle skirts
Thousands of students
The beginning of rock and roll
Class rings and *Macbeth*
Saturday afternoon football games
The same Victors
The same *Alma Mater.*

Time is past . . .
The Stonewall we have loved
The Stonewall we will always love.
State championships
Pep Assemblies and the Jollities
Scarlet and gray
Sword bearing general
Class rings and, of course, *Macbeth*
As always, Victors.
As usual, *Alma Mater,*
Deep graven on each heart
We love you, Stonewall Jackson High School
God Bless you.

Beth Fowlkes

TIME

Time is . . .
The present with all of its wonders;
The moon, the stars and such;
Traveling onward through time
and technology;
Holding on to the past's hopes and dreams.

Time was . . .
First starting out;
From the first day of life to the first day of
school
Reaching out to get where we are
now and ever looking onward.

Time is past . . .
And we can never return
But who would want to go back;
Reach onward, ever onward
And hold tight to the dreams and
realities of the past
Apply them to your future.
